COMMUNICATION FROM THE MAYOR

Due to time restrictions the Mayor stated he would only remark on Covid issues. There have been variants of the virus found in Summit County. P1, the scientists call it the variant of concern. B1 the 7 variant has been found in 12 counties in the State including Summit Cuyahoga Medina and Portage counties. They are tracking the variants separately as they lead to Covid. These cases in the State of Ohio, have increased from 6 known cases on February 22, 2021 to 33 known cases today. They are keeping tabs on these numbers. We are continuing to see the trend in new cases in Summit County going down. The 7-day average last week was 90.1 today it's 87 for the past 7 days. A few weeks ago, these numbers for a 7-day range were in the 300-400 range. The State of Ohio has completed 1.1 Million vaccines but that is under 10% of the population. Summit County has completed 8.84 % or just under 48,000. The vaccine for Phase 1C and phase 2 started March 4. Just came out today with a list for Phase 1D and 2B starting Thursday, March 11. Phase 1D is for anyone with type 2 diabetes or End State Renal Disease and Phase 2b is based on age beginning with anyone 50 years of age or older. They bypassed anyone 55 and older and jumped to 50 to 60. Access Point will host a vaccination clinic on Wednesday, March 10 which has already filled up. They have called in others which included all phases meeting criteria. Summit County made applications available for rental and utility payment assistance. Barberton is working with the county on that. The Federal Stimulus Relief Bill has been going from the House to the Senate with debates and changes on both sides and will be voted on in the next few days. We are assuming that what the House has now will be voted on with no problem but since it is Congress, your guess is as good as mine so we will wait and see the outcome. President Biden is scheduled to deliver an address via primetime television this Thursday regarding Covid. The vaccines are flowing in. The Stimulus Package is being discussed and voted on. We will see what that means to Ohio, Summit County and Barberton.

We will see what the updates are from the President. Without going through all the numbers and the statistics, things are continuing to go in a positive light.

CLOSING REMARKS

Mrs. Frey wanted to say that she is aware that Mr. Weaver has waited all evening to cover his portion of the Budget with Council however after he has completed his portion maybe Council can meet another day to continue with Budget Meetings because she noticed that looking at everyone on the video and everyone seems tired. She knows that the Courts will report on March 15 so perhaps when Bob gives us the court report we could tie up loose ends with questions people have asked. Mrs. Frey noted that the Mayor had emailed out answers to the questions asked by Council members and she was going to go over hers to see if the questions she has will be answered on that. Mrs. Frey asked Council members how they feel. Various Council members stated that they agreed and apologized for having been yawning. Mrs. Frey asked the Mayor if there could just be one meeting set up for the Budget only. The Mayor stated he would check his schedule for this week and that next week might be better. Mr. Incorvati has been preparing for March 15 for the Court Budget as he can speak to the State laws that they have to follow. The Mayor stated we could get the Water Department in after that. Mrs. Frey stated that Mr. Weaver is still on line and has been waiting through everything to present his portion so he should complete that tonight. It was agreed that Mr. Weaver should give a "Readers Digest" version of the Water Department Budget without a lot of detail. Mrs. Debevec suggested that she would like to meet a day next week, maybe earlier in the evening. Mrs. Angeloff stated she has Council meeting on Monday, Tuesday is Board of Zoning and Wednesday is Planning so she would be unable to schedule those days. Mrs. Frey suggested Thursday. Mr. Griffin stated that it would be difficult for him to attend on Thursday and Mr. Greer stated he would be gone that day. President Megyes clarified that they were discussing Thursday, March 18. Mrs. Angeloff stated that it would be ok with her if they scheduled something for Tuesday the 16th or Wednesday the 17th as she will be downtown anyway and that she could jump on a computer at the City Building and pick up where they left off. Mr. Heitic stated that the week under discussion contains one of the busiest restaurant days of the year and suggested possibly a Sunday evening. Clerk asked if Monday March 29th would work since there is not a scheduled Council meeting for that night. Mrs. Angeloff and Mrs. Coburn stated that the Budget must be passed before that date. Various other council members concurred. It was suggested by Mrs. Debevec to take the 4th Monday off and have the Budget meeting on that date and schedule regular Legislative Meeting on the 29th. Mr. Heitic suggested combining the Committee of the Whole and Legislative to one evening and then devote one entire night to the Budget. President Megyes questioned if the discussion was that both Committee of the Whole and Legislative would be held on March 15th. Mrs. Coburn stated we already have the Courts presenting on the 15th. Mrs. Angeloff stated we have the 5th Monday, the 29th, maybe we could hold a Special Legislative meeting to pass the Budget on the 29th and that would give us the 22nd to meet for other Budget stuff. She is aware that it states no 5th Monday. MR. Heitic stated he would be in favor of a Special Legislative Meeting just for the Budget on the 29th of March. Mrs. Angeloff stated we have done this in the past. President Megyes stated yes, we have done this before. Mrs. Angeloff states Council could pass the Budget on the 29th because it must be voted on by the 31st and then on the 22nd we could finish up the Budget stuff. Mr. Heitic stated he liked that idea. President Megyes clarified the dates being discussed and Mrs. Angeloff

confirmed yes, to have the Budget meetings on the 15th and the 22nd and then have a Special Legislative meeting on the 5th Monday which is the 29th solely to vote on the Budget. President Megyes stated it was fine with him but it was up to everyone else. A 6pm start time was verified. Mrs. Debevec stated that this plan still did not alleviate the late-night Budget discussions stating that she wasn't sure about everyone else but for her it's difficult. Mr. Heitic stated that if we combined the Committee of the Whole with the Legislative meeting it would give us the extra week that we could do our Committee Meetings and then go straight into Budget. Mr. Jaber suggested a 5:30am meeting time as the early bird gets the worm. Mr. Griffin says he doesn't want it. Mrs. Frey asked the Mayor how many more sections were yet to be covered. The Mayor stated that he was trying to cover the most important ones. That off the top of his head, the Courts, Water, several different funds, Streets, Streets Capitol, and more but that he can't recall all at this time. Mrs. Frey stated we can do the Water Department tonight and then Courts and Streets and we should be done. Mrs. Frey stated that everyone is suppose to be going through their books anyway and if there is anything that anyone needs explained in more detail, they can send the Mayor an email. The Mayor concurred stating the Water Department is tonight and next week will be the Courts. Depending on the rest of Council, next week could be Courts, Streets and Streets Capitol and if there are no other emails, he doesn't see why it cannot be passed on the 22nd as scheduled and if not, we can make some alterations. Mrs. Debevec stated has a list of questions that, some having been touched on, but it would take a long time to type into an email. That is why she was hoping to do it when it is not 9:30 at night so that Council can ask our questions. Mrs. Angeloff stated we never know how long the meetings are. (Inaudible comments). Mrs. Debevec states she has her questions hand written in two notebooks and she could just scan and email the questions however she has just page numbers written and that she has the notes and questions written on the page. Mrs. Angeloff stated that Mrs. Debevec will just have to bear with the old people and that she's as tired as everyone else. Mrs. Debevec stated she is not saying anything like that and that she feels bad that the way we've done it, it's like a filibuster and by the time they go through everything line item by line item, and by the time they go through it all it seems everyone is just done so no questions are asked. Mrs. Debevec stated that was just her opinion and that she is fine and will do whatever. Mr. Heitic stated that if we combine and instead of having Committee of the Whole next week have it on the 22nd followed by Legislative that would open up the 15th for Committee meetings and nothing but Budget talks. Mrs. Angeloff asked if the vote on the Budget would be on the 29th. Mr. Heitic clarified that it would be on the 22nd because if Council would skip Committee of the Whole next week and combine it with the 22nd it would be Committees, Committee of the Whole, Legislative on the 22nd and the 15th would just be Committee meetings and go directly into the Budget. Mrs. Frey stated Council should limit the Committee meetings to a half hour as was done in the past. Mr. Heitic, referring to his previous statement, stated that this plan would eliminate the need for the Special Meeting on the 29th. President Megyes stated Council could always start a little earlier, suggesting 5pm. Various council members stated 5pm to 10pm. Mr. Heitic repeated his suggestion would be no Committee of the Whole on the 15th and combine the meetings on the 22nd. Mrs. Angeloff clarified and Mr. Heitic confirmed his plan. Mrs. Angeloff stated that was ok with her. Mrs. Frey stated that Council would need to limit the amount of time for the Committees and she believes that they have covered a lot of the areas where there has been a lot of chatter so this plan would probably work but for now council needs to let Mr. Weaver get on but that first Council needs to adjourn this meeting. Mr. Jaber stated he had a couple of things to say before we adjourn. First, he wanted to wish Happy Women's Day to all

the women in the 44203 that there is a lot of great women in our area. Police, mothers, and that there is a lot of great ladies on our Council. Tomorrow evening Mr. Jaber will be guest bartender at Block 7 from 4pm to 9pm with all proceeds going to the Barberton Baseball Highschool Team and that if any Council members showed up to come on down and he would purchase a drink, a shot, or even dinner for them. Mr. Heitic confirmed that the 15th would be Committees for Streets, Planning, Health and Finance and he believes that with what Council has going that those meetings would go pretty quickly. President Megyes re-confirmed Mr. Heitic's proposed schedule and Mr. Heitic repeated the 15th would be committee meetings and then the Budget. The 22nd would be Committee meetings, Committee of the Whole and Legislative meeting and vote would still be on the 22nd and everything would be lined up and it would give Council next week to do Committees and nothing but Budget since the Court officers are already coming. Mr. Griffin clarified that the 29th would have no meeting and Mr. Heitic confirmed. President Megyes confirmed meeting at 6pm, Mr. Heitic repeated the proposed schedule and questioned if that would be an acceptable plan. Council members stated it was a great plan. President Megyes asked for a motion to adjourn.

A motion was made by Mrs. Debevec and seconded by Mr. Heitic that the meeting adjourn. All in favor signified by saying "Aye". None Opposed.

Adjourned: 9:10pm.
