Barberton Announces 2021 Street Resurfacing Program

The City of Barberton is pleased to announce that this year's Street Resurfacing Program is set to commence on or about August 9, 2021. The 2021 resurfacing program consists of asphalt and chip seal resurfacing. Perrin Asphalt and Concrete was selected to perform the asphalt resurfacing portion of the program while Specialized Construction will be performing the chip seal. Both contractors were the lowest bidders related to their method of resurfacing and were approved by Barberton City Council.

This year's program focuses on the resurfacing of residential streets. However, included in the program is a secondary arterial street as well as the Orange Lot. The resurfacing of the Orange Lot will allow for reconfiguration of the parking layout which will include almost 100 additional parking spaces. A number of variables were considered during street selection. Recommendations from Council representatives, residents, staff, and the City's engineering consultant, GPD Group, were all considered.

"We are making it a top priority to extend the resurfacing dollars across the City." stated Mayor Judge. "A special thanks goes out to the residents for the passage of Issue 8 in 2013. The passage of Issue 8 has allowed us to resurface over 30% of our roads over the last 7 years."

Areas included in the 2021 Asphalt Resurfacing Program:

N. Summit St.	Corp Limit to Hiram
Jefferson Ave.	5th St. NE to E. State St.
7th St. NE	E. Paige Ave. to Robinson Ave.
2nd St. SE	Lamberton Ave. to Snyder Ave.
Bell St.	Haven Ave. to Elson Ave.
Antles Ave.	All
Brown St.	All
27th St. NW	Liberty Ave. to South Ave.
Columbus Ave.	All
Prospect St.	29th St. SW to 31st St. SW
Gale Dr.	Wooster Rd. W. to Ertle Dr.

Areas included in the 2021 Chip and Seal Resurfacing Program:

Elmwood St.	W. State St. to dead end
Horn St.	Elmwood St. to dead end
Dunn Ave.	Horn St. to dead end
Homewood Ave.	All
E. Tuscarawas Ave. Exn.	E. State St. to Nola Ave.
